Sober Party Monitors (SPM)

Sober monitors have the important responsibility of helping to monitor chapter social events in order to provide a safe social environment. They are charged with monitoring social events and following college policy, as well as the policies of chapter.

- Each organization should provide at least three sober party monitors (SPM) for each social event. At least two SPM's must be current, active undergraduate members of the organization, allowing for a new or associate member to serve as the third monitor if desired.
- The Office of Greek Life encourages each organization to consider hiring an outside security agency (EPI-Event Partners Inc.) when hosting an event with over 100 students in attendance or when playing live music.
- It is expected that at least one member of the Executive Council or risk management team is available to assist with Campus Safety staff, EPI staff, and the enforcement of the organization's risk management policies.

Sober Party Monitor (SPM) instructions

- SPMs should ensure each member is checked in properly by completing the check.
- SPMs are responsible for obtaining guest lists (and wristbands for periods of time that an outside security company has not been hired) from campus safety before the beginning of the event. SPMs are responsible for returning guest lists and extra wristbands to campus safety at the end of the event.
- SPMs are responsible for checking and enforcing the IFC sticker policy, checking ID's, and providing wristbands for guests who are 21 years of age or older at the entrance of their house.
- The SPM is responsible for monitoring the party for violations of rules and guests in need of assistance.
- SPMs should seek assistance from Campus Safety for any student who is overly intoxicated and in need of medical care.
- There should be a sober monitor at every exit/entrance to the building. It is the chapter's responsibility to ensure everyone is following sign in procedures.
- An additional SPM should walk through the house repeatedly throughout the party to be sure no guest is overly intoxicated or otherwise in need of medical assistance.
- SPMs should periodically check in with the other sober officers to ensure effective communication.

- SPMs are responsible for turning off all music at 2:00 am Friday night (Saturday morning) and midnight on Saturday night and shutting down/locking up the house when the house is officially closed at 3:00 am.
- SPMs must be easily identified and found at all times. IFC will purchase stickers to be worn appropriately by the sober party monitors for identification purposes throughout the event. They must not be worn by anyone not doing the tasks of SPM. For Thursday's, the stickers will be with the guest list and wristbands at campus safety for each organization hosting an event that weekend.
- If at any time during the event a college official asks to speak to a sober party monitor and they cannot be found, are not wearing their identifying sticker, or are intoxicated, IFC and/or the Division of Student Affairs will enforce sanctions. It is the sober party monitor's responsibility to serve as their chapter official in enforcing all Greek Village procedures such as no hard liquor, no bottles, and no open bars.
- The chapter President, Risk Management Chairman, and Social Chairman should limit their use of alcohol (if consuming at all and if of legal drinking age) during social events so they can, along with the monitors, ensure that a safe social environment is maintained.
- Monitors should be prepared to exercise their right to deny access to the event to anyone who they think is already impaired by alcohol or other drugs or wearing offensive costumes.
- Monitors should be prepared to ask members/guests to leave if they become too intoxicated and behave inappropriately. If they are uncooperative, call Campus Safety
