

Worldwide Emergency Travel Assist Program

Sailing, skiing or sightseeing during the holidays or on vacation – Worldwide emergency travel assistance can help when you need it. A car accident, an ear infection or forgotten medication can ruin an otherwise fantastic trip. When you or covered members of your family travel 100 miles or more from home, the Worldwide Emergency Travel Assist Program can help with emergencies 24/7.

The program is connected with the Group Long Term Disability Program.

Participants in the Group Long Term Disability Program will have emergency travel assistance services available to them with just one phone call. Emergency travel assistance includes hospital admission, emergency medical evacuation, medically supervised transportation home, transportation to a friend or family member to join hospitalized patient, prescription replacement assistance, multilingual crisis-management professionals, medical referrals to Western-trained English-speaking medical providers and care and transport of unattended minor children. Stop by or contact the Human Resource Office for details.
