Summer With the Brothers

Brother Drew Reynolds went on a medical mission trip this summer to Cercedy, Haiti. Brother Reynolds said "It was a great experience not only because I was able to get some medical world experience, but also because it gave me a chance to do something for other people. It was also a cool experience because both my father and my sister went on the trip as well." In addition to this mission trip, Brother Reynolds worked as a Student intern at a local Doctor's office where he said he became much more familiar with how the medical world works.

Brothers Omar Elmore (Class of 2019 and GM), Griffen Kimbrell (Class of 2019 and GP), Matt Green (Class of 2019 and GMC), Stephen Ridley (Class of 2019 and Guard), Ryan Holmes (Class of 2020 and Grand Treasurer), and Braden Tuttle (Class of 2020 and Social Chair) represented the Alpha Nu chapter as our Executive Council at the Grand Conclave in New Orleans, Louisiana this summer. They represented Alpha Nu well and were there to receive the many awards and accolades that the chapter earned this past year, including the Silver Bowl award. Brother Tuttle said "It was a great experience to see the other chapters from across the country all in one place and to meet brothers from so many colleges and universities."

Brother William Moore, class of 2021, spent the summer working for a small woodworking business in Birmingham AL. The company is focused on “teaching young men the art of work”. The company's purpose was to take men with no experience from all different kinds of backgrounds (ex-cons, homeless, jobless, college/high school students) and they teach them how to do woodwork. This apprenticeship is aimed at giving these men skills that they can build a career out of while also giving them life lessons along the way. Brother Moore made coasters, cutting boards, custom tables, some shelves and a few desks, and a kitchen table for his mom and worked with a whole lot of interesting people.
